

## **Appendix 6**

### **Targets and Measurements**

Due to the variety of targets and measurements needed to monitor our reduction in Carbon Emissions a summary has been produced. This will provide the standard reporting format which will be available annually on our web-site.

Name	Target	Progress	Comments
Climate Change Action Plan En1.3 Electricity use	Reduce electricity use in council building by 2% of 2005/6 baseline (15,000 KWh)		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline
Climate Change Action Plan En1.3 Gas use	Reduce gas use in council building by 2% of 2005/6 baseline (14,000 KWh)		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline
Climate Change Action Plan T1.4 Business Mileage	Reduction of business mileage by 2% year on year based on 2005/6 baseline (5,000 miles)		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline
Climate Change Action Plan A1.1 Waste from council building	Reduction in the amount of waste by 2% year on year based on 2005/6 baseline (1.2 tonnes)		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline

Climate Change Action Plan A1.1 Water consumed within council building	Set baseline of water use for council building in 2007/8. Reduce by 2% year on year.		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline
Climate Change Action Plan A1.1 Reduction in CO <sub>2</sub> emissions	Reduction of 13 tonnes CO <sub>2</sub> from April 2007 to March 2008 and reduction of 15 tonnes CO <sub>2</sub> from April 2008 to March 2009.		Working towards LAA reduction of 2% CO <sub>2</sub> year on year from our own activities based on 2005/6 baseline
Climate Change Action Plan En1.4 HECA	Achieve 30% improvement in energy efficiency of housing in all sectors from 1996 - 2011		
Climate Change Action Plan W1.2 Recycling of Domestic Waste	Percentage of domestic waste recycled in district. Working towards 50% in 2010
