Providing a peaceful and dignified place of rest

# Today. Tomorrow. Forever.

Relieve your loved ones of any future worries by making plans today.

The taboo subject that we all avoid, the least favourite but inevitable 'F' word – funeral. There comes a point in life where we can no longer ignore it.

Being organised and prepared ahead of our passing can relieve the pressure from our loved ones when the time comes to arrange a funeral. It is not uncommon for some people to have already made arrangements for when they eventually pass, but did you know that, whilst many pre-payment plans offered by Funeral Directors include everything from your choice of coffin to the floral tributes, they may not have considered your final place of rest.

“

**It's a great comfort to us, knowing that arrangements have been made and that we'll be together, even when we pass.”**

# Give your loved ones that special something to remember you by.

Both of our cemetery sites have the option for you to pre-purchase memorial items while you're choosing your final resting place.

## Headstones and memorials

A memorial mason can help you decide on a suitable memorial. We're flexible regarding the shape, colour and design of a memorial and encourage creativity in the choice of headstone or plaque for a grave.

## Memorial bench plaques

A memorial plaque can be leased on a bench at both cemeteries for a three, five or 10-year period.

## Adopt-a-tree scheme

Both cemeteries offer a selection of trees that you can 'adopt' for either three, five or 10 years. This includes an inscribed granite plaque installed at the base of your chosen tree.

## Bird-bath memorial plaques

*(Sytych Lane Cemetery only)*

Plaques can be leased for a three, five or 10-year period and we can arrange for the plaque to be installed on a specific date or anniversary if you wish.
