## CLASS DESCRIPTIONS

| AQUA AEROBICS | Aqua aerobics is a cardiovascular pool-based workout. It gently increases your pulse <br> and breathing rate, so it's great for helping to improve your heart health. It strengthens <br> and tones muscles using the resistance of the water and engaging opposing muscle <br> groups in each movement as you push and pull against it. |
| :--- | :--- |
| BODY CONDITIONING | Body Conditioning combines strength and flexibility exercises to increase muscular <br> strength and endurance. The class is a great way to help shape and tone muscles and <br> help lower body fat. |
| CORE AND STRETCH | Core and Stretch focuses on working the abdominal muscles to strengthen the core <br> while also improving the flexibility of the rest of the body. This workout assists with <br> increasing strength and toning the stomach. Good core strength provides a range of <br> benefits including improving posture and balance. |
| DANCE FIT | Dance fit is an exercise class that incorporates forms of dance. It's an aerobic workout, <br> divided into different tracks that provide peaks and troughs of intensity. |
| LEGS, BUMS AND TUMS | This class provides a full body aerobic and toning workout with the focus on the lower <br> body. Legs, Bums \& Tums will help to increase your stamina and endurance, build <br> strength, and increase overall energy levels. |
| STATES | Pilates is a form of exercise which concentrates on strengthening the body with an <br> emphasis on core strength. This helps to improve general fitness and overall well- <br> being. It is a great form of exercise for strengthening and relieving back pain but can <br> also be used to help with injury prevention and for rehabilitation purposes. |
| WALKING FOOTBALL CYCLE | Studio cycling is a high intensity and motivational Indoor cycling workout. Indoor <br> cycling will help you shed fat, improve your heart health, and boost your muscle <br> endurance. Your legs will get a serious workout and by the end of class, your body will <br> release a steady stream of feel-good endorphins. |
| TAI CHI | Tai Chi is a practice that involves a series of slow gentle movements and physical <br> postures, a meditative state of mind, and controlled breathing. |
| Walking Football is the perfect fit for everyone who wants to play football for longer, |  |
| make new friends, get out of the house and stay active. With no running, jogging or |  |
| heading - and tackling with reduced physical contact - Walking Football is a fun and |  |
| safe way for players to enjoy football and socialise together. |  |
