APPLICATION SITE AND SURROUNDS AERIAL IMAGERY

We have prepared the below aerial image montage to show the development of the site from Summer 2010 onwards. As we understand it, the land that is subject of this enforcement notice appeal, formed part of planning permission 09-00809-FUL from when it was implemented in May 2011 and that the site continued to be occupied by Gypsys and Travellers since that time until the enforcement notice was served.

The Google street scene image from May 2011 shows the first images of site development, whilst Google street scene images from September 2011 through to August July 2023 provides evidence of the development overtime. When considered with the red line location plans attached to the 2009 and the 2011 planning permissions there has been occupation of the appeal site over that time.
