**Document Element:** Policy HC14: Health Infrastructure

**Respondent:** Mr R Hancher

**Date received:** 29/05/2024 via Web

**Summary:**

The policy statement is sensible. However provision of health infrastructure (in particular access to GPs) continues to decline - with many villages such as Brewood already having insufficient capacity. It will be important that this policy is delivered \*before\* future developments, rather than leaving it until afterward when experience has shown it is unlikely to be delivered.
