

**‘LSWA PC have viewed the plan and agree that the plan has been formulated in accordance with the government requirements and the local plan framework.**

**Members feel it is consistent with national policy, positively prepared by formulating a strategy that aims to meet infrastructure and effective in joint and cross boundary working East side but West side needs further considerations**

**Members note the reduction in cross boundary allocation to 640 on a capacity led assessment and agree this is a fair an appropriate approach. As the district is 80% green belt, the protection of this should be a planning priority.**

**Villages such as Wheaton Aston are on the border with Shropshire who are undertaking consultation to allocate a huge amount of provision on the South Staffs border. Members request that SSC officers consider the allocation of Shropshire and the effect on the border West side.**

**There has been a good level of consultation offered and, as consultees, we have been informed of each stage.’**
