Dear Louise,

Many thanks for your prompt response and guidance for this stage of the Examination process, much appreciated.

Please see below our amended submission accordingly:

I write further to Lever, Turner & Cowdell Publication Plan submissions in respect of the evaluation of adequacy of Housing provision proposed by the Local Authority in terms of robust assessment under the requirements of the revised Standard Method of the NPPF (**Matter 4 – Development Needs and Requirement**). The LA proposed level of delivery is inconsistent with the NPPF revised Standard Method of Calculation, making significant under provision.
